**\* DANGEROUS GOODS:**

You must specify: UN No., proper shipping name, hazard class, packing group (where assigned), marine pollutant and observe the mandatory requirements under applicable national and international governmental regulations. For the purposes of the IMDG Code, see 5.4.1.4

♀ For the purposes of the IMDG CODE, see 5.4.2.

**Documentary Aspects of the International Transport of Dangerous Goods  
Container/Vehicle Packing Certificate**

The signature given overleaf in box 20 must be that of the person controlling the container/vehicle operation.

It is certified that:

1. The container/vehicle was clean, dry and apparently fit to receive the goods.
2. If the consignments include goods of class 1, other than division 1.4, the container/vehicle is structurally serviceable.
3. No incompatible goods have been packed into the container/vehicle unless specially authorized by the competent authority.
4. All packages have been externally inspected for damage and only sound packages packed.
5. Drums have been stowed in an upright position unless otherwise authorized by the competent authority.
6. All packages have been properly packed and secured in the container/vehicle.
7. When materials are transported in bulk packagings, the cargo has been evenly distributed in the container/vehicle.
8. The packages and the container/vehicle have been properly marked, labelled and placarded. Any irrelevant mark, labels and placards have been removed.
9. When substances presenting a risk of asphyxiation are used for cooling or conditioning purposes (such as dry ice (UN 1845) or nitrogen, refrigerated liquid (UN 1977) or argon, refrigerated liquid (UN 1951)), the container/vehicle is externally marked in accordance with 5.5.3.6.
10. When this Dangerous Goods Form is used as a container/vehicle packing certificate only, not a combined document, a dangerous goods Declaration signed by the shipper or supplier must have been issued/received to cover each dangerous goods consignment packed in the container/vehicle.

Note: The container/vehicle packing certificate is not required for tanks.
